Iroko hardwood swing gates with steel infill.

# Domestic

Small enough to care,  
big enough to cope.

We are a progressive family business that works predominantly in the high-end sector of gate automation. Providing business and domestic customers with quality installations for their exacting and varied needs. We continue to develop and adjust our business through the changing requirements of today.

**Jackie Stark**  
Northumbrian Water

In-house fabrication.

Our in house fabrication shop manufactures all nature of steel fabrication. We specialise in ornate decorative steel gates and high security industrial gates.

As our products are of a heavy and large nature, the fabrication team also provide lifting requirements. We have a 4x4 all terrain vehicle with hiab facility making no site inaccessible. Our own JCB ensures we do not rely on any outside contractors.

Coloured mesh sliding gate for Durham County Council.

Security sliding gate for BNS Telecom.

Security swing gates for underground carpark.

Pedestrian swing gate for student halls of residence.

**I have no hesitation in recommending Prime Security Gate Automation to anyone wanting a professional, quality manufacture and installation automation company.**
